THE VALUE OF ADOCCACY

\$7,500

Add up the dollar value of HBA services and advocacy victories and you get an average of \$7,500 per housing start for a typical home builder. That figure demonstrates just how much value NAHB delivers for members. Below are select advocacy victories achieved in 2017 that contributed to that number.

- 
- \$1,600** Suspension of Beryllium Rule
 - \$1,200** Reductions in Builder Taxes
 - \$700** Protection of Builder Interest Deduction
 - \$700** Elimination of Flawed Duct Proposal
 - \$1,000** Preservation of Options in Building Codes

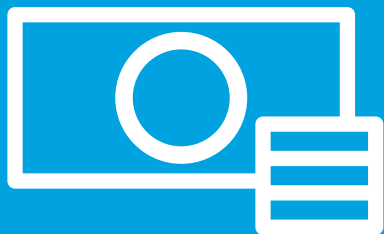

These numbers represent the value per housing start a typical builder will see in 2018 as a result of key NAHB advocacy victories achieved in 2017. Some members will experience more of these benefits than others.
